the fun way to spa

Butlin's
SKEGNESS

— Welcome —

The Spa at our Skegness Resort is an oasis of calm where you can enjoy a little ‘me time’ or relax with friends. The Spa facilities are based upon the spa principles of warming, heating and cooling the body to leave you feeling rejuvenated, refreshed and revitalised.

Our Spa Experience is a great way for you to enjoy all the fantastic facilities we have to offer. Ease yourself in to a Spa Experience with a dip in the hydrotherapy pool to gently warm your body. Increase the heat with a visit to the sauna or steam room – they’re great for your skin and relaxing tense muscles. Once you’re nice and hot it’s time to give your circulation a boost and cool your body back down. You could visit the pool or for something more adventurous, why not pay a visit to the cold bucket splash or Atlantic storm shower.

There’s also a wide range of treatments available from manicures and mini treatments to facials and massages. So whether you’re looking for a quick treat or a full on pamper session there’s something you’ll love.

— Spa Experience —
